--

Patients with no insurance: Payment is expected at the time of service. A specific payment plan acceptable to both you and the office may be arranged.

Patients with insurance: Deductibles and all co-insurances are expected at the time of service. Your co-insurance is not covered by your insurance and is not always an exact percentage. You will be sent a statement showing both your account balance and your anticipated responsibility. If a patient's balance remains unpaid for more than 90 days, the patient's account may be turned over to an attorney/collection agency for collections. If your account is sent to collections, you will be responsible for all collection fees generated.

INSURANCE POLICY

We extend to our patients the courtesy of allowing you to assign your insurance benefits directly to our office. This policy may reduce your out-of-pocket expense.

Please note the following:

- 1. The privilege of insurance assignment begins when your insurance is qualified and the insurance forms received. Until that time you must pay for all services rendered.**
- 2. All deductibles must be made prior to submitting your insurance claims.**
- 3. Since we do not own your insurance policy, we are limited in our efforts to collect from your insurance company. We expect that you act on your own behalf with your insurance carrier. Frequent calls on the status of your claim often help speed up this process.**
- 4. Due to the recent changes in our status with most insurance companies, it will be your responsibility to turn over to our office any checks and related explanations of benefits that your insurance company issues to you for services rendered with Professional Orthopaedic Associates in a timely manner.**
- 5. It is our goal of this office to provide you with the finest quality of care available. If you have any questions regarding your healthcare or any of our office policies, please do not hesitate to let us know.**
- 6. If it becomes necessary to utilize a collection agency due to nonpayment of your bill, you will be responsible for all fees charged by that agency as well as your balance.**

Please sign below:

I have reviewed these office policies and accept my responsibility as detailed above.

Print Name: _____

Signature: _____ **Date:** _____

**I authorize my insurance company to make payments for my unpaid balance directly to:
Professional Orthopaedic Associates**

I hereby authorize the release of information to and from my insurance company, attorney, school, pharmacy or any other entity involved as it is related to my care and treatment.

Print Name: _____

Signature: _____ **Date:** _____

I hereby authorize my motor vehicle insurance carrier to release information to Professional Orthopaedic Associates regarding the PIP benefits that have been paid to date on my claim.

Print Name: _____

Signature: _____ Date: _____

We welcome your referrals and look forward to a Doctor-Patient relationship.

ANTI-INFLAMMATORY MEDICATION

PATIENT NAME: _____

DATE: _____

Your doctor may prescribe a non-steroidal anti-inflammatory (NSAID) medicine to help alleviate your symptoms of pain, swelling or inflammation.

The most frequent side effects of this medication include, stomach upset, nausea and diarrhea. Ulcers or bleeding may occur without warning. It is recommended that this medicine be taken with food, which may reduce the appearance or magnitude of these side effects. Do not drink alcoholic beverages while taking this medication.

For best results, this medicine should be taken at the prescribed dose for the period of time recommended by your physician. If you take any other medications prescribed by other physicians, you should consult your pharmacist prior to filling this prescription to check for drug interactions.

Should you develop any side effects with this medication, stop taking it immediately and contact your physician or this office. Patients with active ulcer disease or who are taking daily medicines for bronchial asthma; must be aware that use of this medicine may result in an exacerbation of these problems. This medicine should not be taken in combination with other NSAID or aspirin containing medications. **Please note that commonly used over the counter medicines such as Ibuprofen, Advil, and Aleve contain non-steroidal medications that could increase the risk of stomach side effects of prescribed medication. Tylenol, however, would not increase this risk.**

For your protection, periodic blood work, within 6-8 weeks after taking this medication will be necessary to monitor any possible liver or kidney irritation.

If you are pregnant, have the flu, fever or any viral illness; do not take this medication. Consult your physician.

I have read and understand the above information.
